Personal Profile

Motivated and passionate student, eagerly seeking placement in 2023 within the realm of web development. With a lifelong passion for computing, I've honed a meticulous eye for detail, a trait I take immense pride in. Thriving in dynamic environments, I am committed to leveraging my skills and dedication to excel in the ever-evolving field of technology. My aspiration is to contribute to the world of web development, forging a rewarding career path in this dynamic sector.

Education

Ulster University – Bachelor of Science with Honours in Computing Technologies   2021-2025
Programming I (Python) – 75%
Database Systems (SQL) – 75%
Interactive Web Authoring (HTML, CSS & JS) – 73%
Systems Software – 83%
Programming II (C#) – 74%
Computer Technology – 72%
Computer Networks – 60%
Professional Development – 69%
e-Business – 80%
Technology Infrastructure Management – 74%
Systems Security – 64%
Visual Web Development (ASP.NET Core Razor C#) – 85%
Software Development Practice – 61%

High School – A Levels   2021
Pearson BTEC Level 3 National Extended Certificate in Information Technology - Distinction
Biology – Grade C
History – Grade D

High School – GCSEs   2019
9 GCSEs at Grades B – C, including Maths and English

Work Experience

The Roots Bistro – Waiting Staff   January 2020
- Took customer orders in a timely manner and provided customers with daily specials.
- Co-operated efficiently with staff in the kitchen to ensure correct meals were delivered and issues relayed to customers promptly but calmly.
- Upheld the food hygiene rating as set out by the Food Standards Agency by keeping the kitchen clean and sanitary as well as appropriately handling food.

Skills Profile

Web Development

- ❖ Undertook and completed assignments with programming skills in HTML5, CSS3, JavaScript, C# and ASP.NET Core Razor.
- ❖ Supported assignments with database development using expertise in SQL.

Version Control

- ❖ Proficiently used Azure Repos & Git as version control for my programming assignments to effectively manage code changes, enhance collaboration among team members and to ensure the integrity of project development.

Software

- ❖ Proficient in using modern development tools such as Visual Studio Code, ensuring efficient and streamlined coding processes.
- ❖ Familiar with Microsoft Office, including Word, PowerPoint, Excel, and Teams.

Technical Support

- ❖ Supported users with technical issues across different systems such as consoles, mobile phones, tablets, and computers.
- ❖ Adapted a detail-oriented approach to troubleshooting technical problems, showcasing my ability to diagnose issues and provide effective solutions.

Communication

- ❖ Strong communication skills, both verbal and written, facilitating clear and concise interaction with users, colleagues, and stakeholders. Capable of explaining technical concepts in user-friendly language and collaborating effectively within cross-functional teams.
- ❖ Collaborated seamlessly within university project teams, adjusting to evolving tasks and contributing to achieving shared project goals.

Time-management

- ❖ Demonstrated strong time management skills throughout my academic journey, consistently meeting assignment deadlines and efficiently prioritizing tasks to ensure timely project completion.
- ❖ Leveraged a proactive approach to balancing coursework, projects, and extracurricular activities, showcasing my ability to thrive in fast-paced environments and deliver results within allocated timeframes.

Problem Solving

- ❖ Demonstrated strong problem-solving abilities through completing complex individual programming assignments during the first 2 years of my degree where I had to analyze issues, identify solutions, and implement effective strategies to achieve desired outcomes.
- ❖ Applied logical thinking and creativity to resolve challenges while working on team projects, contributing to innovative solutions that address multifaceted problems.

Achievements & Interests

- Dean's List Award for outstanding academic achievement for academic year 2021/22. This shows my hard-working & quick learning habits to pick up on newly introduced concepts.
- Codecademy Certificates of Completion in HTML, CSS, and JavaScript courses, showcasing self-initiated learning in web development.

Language Proficiency

English – Native proficiency
Other Language – Intermediate proficiency
